PROFESSIONAL SUMMARY

Master's student in Electromobility at FAU Erlangen with hands-on experience in training material creation, documentation, reporting and digital tools support. Skilled in preparing structured content, presentations, screen recordings and user-focused documentation for internal stakeholders. Experienced with MS Word, PowerPoint, SharePoint and video editing using Camtasia. Strong ability to translate technical and analytical topics into clear, media-appropriate learning materials. Highly motivated to support tool training creation and knowledge transfer in a global industrial environment.

WORK EXPERIENCE

03/07/2023 – 12/09/2025

Coimbatore, India

Blueocean Digital India Private Limited, Software Engineer

- **Tool Training & Documentation:** Created user-focused **training materials, presentations and guides** for internal software and reporting tools.
- **User Enablement:** Collected feedback from users and domain experts to identify recurring topics and tool-usage improvement areas.
- **Didactic Content:** Translated **technical dashboards and data workflows** into clear, structured explanations for non-technical users.
- **Training Media:** Produced **screen recordings and walkthrough videos using Camtasia** to demonstrate dashboards and workflows.
- **Learning Materials:** Developed **PDFs and PowerPoint trainings** with media-appropriate structure and visuals.
- **Content Management:** Reviewed, finalized and maintained training content in **SharePoint-based knowledge platforms**, supporting onboarding and reuse.

15/12/2022 – 14/06/2023

Coimbatore, India

Blueocean Digital India Private Limited, Software Engineer Internship

- Assisted in creating **training-oriented documentation and internal guides** for reporting tools and workflows.
- Supported preparation of **presentations, reports and learning materials** for internal reviews and knowledge sharing.
- Helped validate content accuracy and clarity during **review and finalization of documentation**.
